Ohio Gratings Manufacturing Qualifications

Ohio Gratings, Inc.(OGI) has been a manufacturer and fabricator of metal bar grating products since 1970. We have grown over the years thru continuous improvement and innovation to become a leader in the industry. We currently manufacture the most complete line of metal bar grating products of any supplier in North America. Our capabilities range from a wide variety of light duty pedestrian grating to heavy duty products for the heaviest vehicular loading requirements. The headquarters located in Canton, Ohio USA includes over 350,000 square feet of space for manufacturing and fabrication. Other manufacturing and fabricating facilities are located in Ridgeland, South Carolina, Houston, Texas and Lindon, Utah.

OGI Products are manufactured using carbon steel, stainless steel and aluminum and are fabricated to consistently meet the ANSI/NAAMM standards for Metal Bar Grating. Some of the applications include walkways, trenches, catwalks, screens and grills, fencing, stairs, bridge decks, mezzanines and shelving. You may wish to view some of the high profile grating projects we have provided in the "Portfolio" section of our website. http://www.ohiogratings.com/project_portfolio.html

Ohio Gratings, Inc. currently supplies grating to many companies for many end uses around the world including: Electric Utilities, State and City DOTs, Park Departments, Commerical Building Owners, Schools, Industrial Manufacturers, Oil & Gas and Coal Companies. Please contact us if references are required in your industry.

A short video which summarizes some of our capabilities can be viewed at the link below.
